### Home Care Referral and Employment Agency List

Home Care Referral Agencies contract with individuals to provide home care and housekeeping services. The individual contractors are generally not employees of the agency, and are responsible for any self-employment, federal and/or state taxes. In addition, the referral agencies may perform background and reference checks; as well as license and bond the individual contractors. It is wise to contact at least three agencies and inquire about personnel, services provided and fees. Referral agencies are not licensed by the Washington State Department of Health, but may have business, city, or other types of licensing.

**All agencies listed serve Snohomish County.**
